RUSSIA EXECUTES CATHOLIC PRIEST

Republican Ticket In Michigan Victorious

DETROIT, MICH., April 3.—(By the Associated Press)—Republican voters of Michigan "swung back into line and made a splendid start for the presidential campaign," J. B. D. Carr, chairman of the State Republican Central Committee, declared today in discussing yesterday's election, in which the entire Republican ticket of minor state officers was victorious. The outcome, Chairman Carr said, was a display of party harmony that was gratifying to Republican leaders following the split of last November, when the Democrats were able to elect Woodbridge N. Ferris to the United States senate.

Mr. Ferris was the first Democrat sent to the senate from Michigan since the Civil War. Possibility that another show of Democratic strength might mark yesterday's voting had caused the Republican leaders some concern.

While Democrats found some encouragement in the election of Frank E. Doremus, former congressman, for mayor of Detroit, the Republicans pointed out that the mayorality election was non-partisan and that Doremus, always a strong candidate here, had been virtually conceded the office Doremus won over James W. Jacobs, former police commissioner, about two years ago. The Republican candidates for state offices early today continued to lead their Democratic opponents by approximately 100,000 votes.

Given Severe Flogging

TAYLOR, TEXAS, April 3.—(By the Associated Press)—R. W. Burleson, of Wear, Texas, a small town near here, was in a Taylor hospital today recovering from the effects of a flogging Sunday night. His head was lashed and his shoulders mutilated.

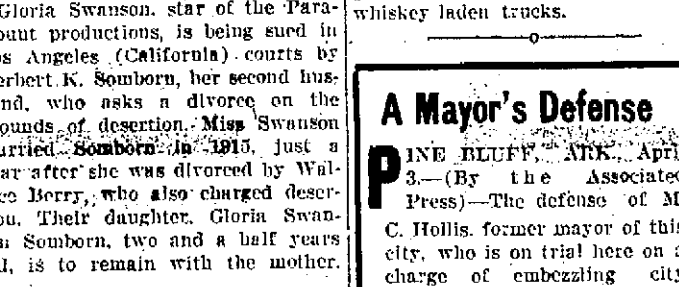

Burleson was taken from an automobile by a band of unmasked men, driven to a point near the San Gabriel river, whipped and beaten on the head with pistols, then brought to Taylor and chained to a tree near the city hall, where three buckets of creosote oil were poured on him, according to the story told the police.

Representatives here of the Ku Klux Klan deny connection with the whipping and the police apparently had no clue.

According to Burleson, the police said, he had been notified by a preacher that an attack was to be made on him. The preacher handed him a card bearing the name of "Ku Klux Klan Number 176 of Georgetown." Burleson said, adding that he was told he must quit going with a certain woman. He had scoffed at the notice, he told the police.

Husband Would Divorce Gloria Swanson

Gloria Swanson, star of the Paramount productions, is being sued in Los Angeles (California) courts by Herbert K. Somborn, her second husband, who asks a divorce on the grounds of desertion. Miss Swanson married Somborn in 1915. Just a year after she was divorced by Wallace Berry, who also charged desertion. Their daughter, Gloria Swanson Somborn, two and a half years old, is to remain with the mother.

Strike Injunction To Be Fought Out

BY DAVID LAWRENCE
(Copyright 1923 By The Portsmouth Times)

WASHINGTON, April 3.—In federal efforts to persuade the federal government to drop its injunction suit against the striking railway shophmen have failed, and the case will be argued a month from today with the hope on the part of the department of justice that the courts will make permanent the preliminary restraining orders issued at the height of the recent railway strike.

Approximately 200,000 shophmen are still technically on strike out of the original 400,000 though many of the strikers have found employment in other mechanical trades but it is not with respect to these men so much as to the precedent that would be established in American industrial history that labor is prompted to fight the injunction and by one means or another bring about its abandonment.

Attorney General Clegg Through With Cases

But Attorney General Clegg is going through with the cases and if his health permits he hopes to join Blackburn Estlin, special assistant to the attorney general in arguing the case before Judge Wilkerson in the federal district court at Chicago on May 2nd.

Politically labor has already raised a fuss about the Daugherty injunction but even the election of the opposite party and the sending to congress of representatives friendly to labor could not wipe out the action of federal courts in interpreting existing statutes as giving the government.

Bishop Claims Communication With Spirits Of Dead Will Soon Be Possible

SPOKANE, WASH., April 3.—(By the Associated Press)—Church people and many others interested in the possibilities beyond life were discussing today the prediction made here yesterday by Right Rev. Herman Page, bishop of the Spokane diocese of the Protestant Episcopal Church, that communication with the spirits of the dead "will eventually be as possible as it is now to communicate by wireless."

Bishop Page made this forecast at the meeting of the Spokane Ministerial Alliance. He took occasion to give recognition to the Christian Science church which, he said, would progress as long as other churches refrained from taking part in the movement of spiritual healing. The bishop added that he had "no antipathy toward spiritualism." In his opinion, "the world today is drifting toward a spiritualist movement which, though still in its infancy, may develop to great heights."

Pugilist Slain

MEMPHIS, TENN., April 3.—(By the Associated Press)—"Keystone Jack" Britton, Memphis pugilist, was shot and killed by Frank Jones, 23, here late yesterday. Jones, according to the police, said he had sought Britton since Friday when his seven-year-old sister told him that Britton had wronged her. Two charges from a shot gun were fired into Britton's body when he drove up to the Jones home. Britton, regarded here as a second rate boxer, was comparatively unknown to fame. He was 31 years old and married.

No Names On Ballot

STEVENSVILLE, MONT., April 3.—(By the Associated Press)—Stevensville went into the city election yesterday with no names printed on the ballots. Those who had been nominated had resigned and refused to run or qualify for office. Blank ballots were handed the voters at the polls. They wrote in any names they desired. The names of half the people in town were written in. Late last night only four men whose names had been written on the ballots agreed to qualify. There were no issues in the election.

to which the sick turn," he said.

"Since other churches have not taken up mental healing in any way, people naturally turn toward the spiritualists. Until the other churches make a constructive progress in that line the spiritualists will progress rapidly in the art."

NEW REIGN OF TERROR IN THRACE

SOFIA, BULGARIA, April 3.—(By the Associated Press)—A new reign of terror exists in Western Thrace, where the Greek army is driving out the Bulgarian population. It is asserted in statements issued by the Bulgarian government which has sent a note of protest to the allies. The note claims protection for the minority population of the district under the terms of the treaty of Neuilly, the Bulgarian peace treaty. It is asserted that thousands of Bulgars are being driven from their homes under the pretext that they are aiding the irregular bands. The Greek government, replying to the Bulgarian accusations, states that the Bulgarians in question are being deported to Crete for military reasons.

Michigan Plans To Disband House Of David Organization

LANSING, MICH., April 3.—(By the Associated Press)—Quo warranto proceedings to compel officials of the House of David colony to show cause why the organization should not be disbanded were instituted in Ingham county court here today by the state of Michigan.

Immediately Governor Groesbeck announced today. Attorney Gen. Andrew Daugherty will begin action before the Ingham county circuit court this afternoon and simultaneously Governor Groesbeck will ask Prosecuting Attorney Gore, of Berrien county, to start criminal proceedings against "King" Benjamin F. Purnell, head of the house of David and self announced seventh angel. These plans were announced following a two-hour conference between the governor and the attorney general. The state proposes to charge that the House of David has been operated as a fraud and has consistently violated the act under which it has existed. Other evidence, more powerful than that revealed at Grand Rapids seems to have come into the hands of Governor Groesbeck as judging from the emphatic tone of declaration the House of David can no longer operate in Michigan.

Prominent Figures In "House of David" Suit

Great interest has been attached to the trial in Grand Rapids, Michigan, of the suit of Mr. and Mrs. John Huggins, who demand \$35,000 from "King Benjamin" Purnell, leader of the "House of David" cult, at Benton Harbor, alleging he secured that sum from them by fraud. Stories of grave immoralities in the sect, under the guise of religious rites, were told by Mrs. Helen Couch and Mrs. Hilda Fitchard, both of whom had been members of the sect. Mrs. Esther Hamanford Huggins, daughter of the plaintiffs, was once private secretary to "King Benjamin," and her testimony was most damaging. Mrs. Augusta Felly, Mrs. Irene Sassman and Mrs. Loua Rozetta told of the secret rites of the cult.

To Demand Probe Of Conditions Exposed By Mrs. Poindexter

SPOKANE, WASH., April 3.—(By the Associated Press)—Mrs. Miles Poindexter's newspaper letters concerning activities in Washington, D. C., society, with particular stress on drinking and gambling, are the basis of petitions ready for circulation here today addressed to Attorney General Daugherty and asking grand jury investigation of the alleged misconduct.

Plans were announced for seeking signatures to the petitions in other western cities, including Los Angeles, San Francisco, Denver, Portland, Tacoma and Seattle. The head of the committee in charge is H. C. Harris, of Spokane.

Co-operation of religious organizations in making the petition a success will be sought. The expenses will be met by private subscriptions, he added.

Mrs. Poindexter, wife of former United States Senator Poindexter, who now is ambassador to Peru, wrote her first letter to a local newspaper. It caused so much comment that others were sought and her "exposures" of Washington society life are appearing in a number of papers as a weekly feature.

The petition as outlined by Mr. Harris, includes one presented last week to the Spokane Federated Women's Christian Temperance Union, asking further information from Mrs. Poindexter. The Union forwarded that petition to its Washington representative without action or endorsement.

In addition Mr. Harris' petition carries the address to the attorney general and a few other paragraphs laudatory of Mrs. Poindexter. The eight queries of the petition presented to the W. C. T. U. are then included as follows:

"What is the name of the senator whose wife was an ex-petulant mother who was dizzy with strong drink?"

"At whose home was a certain card party held at which there were three subjects of conversation (A) liquor; (B) where to get it, and what price; and (C) where to have it tested?"

"Who was the farm bloc senator who would not give his wife large sums of money to gamble with?"

"What modern apartment house in Washington has a liquor tester as part of its equipment?"

"Who was the senator's wife who said she could have liquor tested at this apartment house?"

"What are the names of the senators, representatives and cabinet officers in whose homes liquor is served to guests?"

"In what embassy is liquor served?"

"What are the names of the high officials of the government in whose homes gambling at bridge is permitted?"

LOVE-SICK GIRL IS EJECTED FROM THE BEDROOM OF CHARLIE CHAPLIN

HOLLYWOOD, CALIF., April 3.—A young woman saying she is fifteen years of age and claiming acquaintance with General Francisco Zerrano, Mexican minister of war, and Pedro J. Alameda, inspector general of police in Mexico City, has interested police surgeons and newspapermen with declarations of having swallowed poison after having been ejected from the bedroom of Charlie Chaplin, motion picture actor.

She gave the name of Mrs. Marina Vega, of Mexico City. While no traces of poison were found, the movie comedian, in whose automobile she was taken to the receiving hospital for treatment, told of several entrances effected to his house through roses.

Her story was of infatuation with the comedian through seeing his pictures in Mexico City, and unsuccessful attempts to see him at the studio, followed by gaining entrance to his residence while he was out, and remaining in his bedroom until discovered there by a Japanese servant when the comedian returned with Lola Negri, his fiancée, and a physician.

The girl was induced to leave after a brief talk with Chaplin, but returned a second time and after being put out said she purchased poison at a nearby drug store and again effected entrance. Induced to enter an automobile, she collapsed and was brought back into the house, saying she had taken poison.

She was rushed to the receiving hospital, but after treatment surgery

Jury Of Women

PIKEVILLE, KY., April 2.—(By the Associated Press)—A jury composed entirely of women, the first feminine panel in the history of Pike county, occupied the box today in the trial in the Pike circuit court here of Mrs. J. H. Elam, charged with having stabbed to death James Case, at Hefler, Ky., two years ago. Case was stabbed, it was charged, after he had been shot down by a son of the defendant. The son recently was convicted by a jury in the Pike circuit court and sentenced to a term of six years in the state penitentiary.

Prelate Is Slain By Firing Squad

MOSCOW, April 3.—(By the Associated Press)—Vicar General Butchkevich has been executed. The Pravda says the execution occurred on March 31. The newspaper Izvestia asserts "the sentence of death on Butchkevich, whose reprieve was refused, has been carried out." The time and place are not given.

Monsieur Butchkevich met death before a firing squad.

The Izvestia prints the announcement on an inside page under a one line head in its court news department. In the Pravda the execution is noted briefly without comment in a column of local news.

Up to late last night there were rumors that an exchange might be arranged. Responsible officials, however, asserted that soviet justice must take its course regardless of protests and attacks abroad.

The details of the prelate's execution probably will never be revealed. Judging from what has happened in previous cases it is thought probable that after the executive committee had refused to reprieve him he was removed from the prison in which his colleagues were confined to the prison for the condemned and that there after the death sentence had been rendered to him, he was executed. This is the general procedure in the swift carrying out of the death penalty in Russia.

Constantine Butchkevich, vicar general of the Russian Catholic Church in Russia, was sentenced to death on March 26, after he and sixteen other prelates, including Archbishop Zepiak, had been found guilty of opposing the soviet government. The Russian central executive committee, meeting last Thursday night to consider appeals made in behalf of the ecclesiastics, denied clemency in the case of Monsignor Butchkevich, asserting that he had "used his position as a priest to carry on a direct and active state treason."

The committee at the same time committed to ten years imprisonment the death sentence imposed on the archbishop.

News that Monsignor Butchkevich would have to pay the extreme penalty, created a stir in many lands.

The prelates were charged in general with carrying on widespread propaganda against the Russian government and were alleged to have incited the people against the communist regime.

Poor And Maullar Refuse To Resign

COLUMBUS, O., April 3.—(By the Associated Press)—Governor Donahay today had before him the refusals of George T. Poor, of Cincinnati, and Frank B. Maullar, of Chillicothe, both Republicans, to resign from the public utilities commission as he requested them last week.

In letters addressed to the governor in reply to his communication in which he cited as his reason for his request was that their policies were not in harmony with his, both Poor and Maullar declared their belief that the commission should not be subject to changes of policy or politics. They said they had made all decisions in accordance with the law and the facts and did not feel justified in relinquishing their positions.

Replying to a statement in the governor's communication to the effect that he had promised during his campaign to re-organize the commission, Poor said that he was "in no way consulted in regard to these pledges and therefore assumes no responsibility therefor."

Maullar said that "it was never intended that the utilities commission should become a political football and change with each incoming administration" and that he courted "rigid investigation of my every official act."

Both Maullar and Poor declared that outside influences had not been permitted to influence the actions of the commission and Poor said he would consider himself unfaithful if he allowed himself to be influenced by any one, whether he be the governor of the state or the most humble citizen in the quasi-judicial functions of the commission. Neither had been advised as to what changes the governor sought to what said.

DISAGREE ON AUTO SEARCHING

LOUISVILLE, KY., April 3.—(By the Associated Press)—Conflicting opinions from federal judges regarding search of automobiles for evidence of prohibition law violation obtained in this state today.

Judge A. M. J. Cochran at Covington yesterday held prohibition agents were permitted to search machines without a warrant when reasonable belief of liquor law violation existed. Recently Judge Walter Evans for the Western District of Kentucky, ruled in a case here that agents must obtain warrants to search automobiles.

A Louisville newspaper credited to P. Green Miller, chief enforcement agent for Kentucky and Tennessee, a threat to withdraw his agents from the western portion of the state on Judge Evans' ruling. Mr. Miller since has replied to questions regarding his plans that he "intends to enforce the law."

Hope is held in official circles that Washington headquarters may bring the question to the supreme court for a ruling.

WILL ENLARGE RAIL MILL PLANT

The Huntington Herald-Dispatch says: Physical improvements to cost approximately \$250,000 and important addition to the lines of the West Virginia rail company are involved in a building program announced yesterday by H. A. Zellar, vice president and general manager.

Ground will be broken this week for the construction of a plant unit for the manufacture of frogs and switches and steel mine ties. Contracts for the steel which will be used in the construction of a modern fireproof building have been placed as have also the contracts for machinery and cranes, Mr. Zellar said.

The new mill will be situated in the northwest portion of the West Virginia rail company's property north of Second avenue, between Seventeenth and Eighteenth streets.

During the last year there have been added to the lines of the West Virginia rail company concrete bars, steel splice bars and steel angle bars. Formerly the company was engaged only in the manufacture of light steel rail with a very limited range of weights.

Will Improve Five Miles On River Road Below Friendship; Work To Start Soon

Approval has been given by the State Highway Department to the Federal project involving the improvement of 5.083 miles of the Atlantic-Pacific Highway at the Inter-County Highway No. 107 to be hard surfaced at an approximate cost of \$50,000 per mile. The improvement is to start

where the present West Side paving ends at Friendship and extend more than five miles toward Buena Vista.

The survey was recently completed and plans for the improvement were forwarded to the State Highway Department. Columbus Monday from the office of County Surveyor Arthur Harwood.

Tonight at 7:30, the Christian

Why rear children, and start them out in the world with a handicap? Life is a struggle for existence, and to be successful in either the Arts, Sciences, or in Commerce, requires a sound mind in a sound body. A boy or girl who starts out in life in a state of Goitre, is handicapped. They will never be able, while in this condition to develop their maximum efficiency either mentally or physically. Let us emphasize the fact, that the early stage of Goitre is a condition in which the Endocrine Glands are out of adjustment. It is not a chronic disease at this period but will become so if neglected. Therefore, it is the sacred duty of the parent to see that this condition is corrected. In youth the glands respond promptly to treatment, but in after life, they begin to atrophy, the tissue undergoes a change, which makes successful treatment very difficult. The time to get rid of this disease is in youth, and every day it is neglected, makes it just that much more difficult to correct.

Order the SANO-BARK treatment from your druggist TODAY. If he cannot and will not supply you, write to SANO-BARK Laboratories, Columbus, Ohio. DON'T PUT IT OFF.

POLICE NEWS

Joe Morgan, Russell Coyle, Russell Denny and Charles Yarnell were each fined \$11.20 for intoxication in Municipal court Monday and these persons, arrested for drunkenness, forfeited bonds by failing to appear. Frank Adams, John Heaton, Jess Smith, Ambrose Austin, Patrick McMinery, Russell Denny, Denny Pruett, Clint Nichols and William Kuhlman.

The case of J. K. Arnold, charged with operating his automobile while intoxicated, was continued for further investigation when the complaining witness, Clark Compton, 1635 Eleventh Street, failed to appear to press the charge.

W. H. Clifford, charged with fighting, failed to appear and his bond was declared forfeited and the same action was taken in the case of "Puss" Bower, charged with disorderly conduct.

Kurtz Case Is Continued; Fired At Brother-In-Law

After hearing evidence in the case of John Kurtz, 30 years old, charged with shooting with intent to wound Charles Yarnell, Judge McCall in Municipal court, Monday, continued it for further investigation.

The shooting occurred early Sunday morning at the X & W yards, where both were employed on the carpenter repair gang and the trouble grew out of an argument over their work. Yarnell admitted that he was under the influence of liquor and the evidence of Kurtz and another witness indicated that Yarnell was the

aggressor and was following Kurtz when the latter started to leave. Kurtz claimed that he fired to scare Yarnell, whose coat sleeve was punctured by the bullet. The men are brothers-in-law.

Health Board To Investigate Before Order To Vacate Houses Is Enforced

Attorney Horace L. Small, representing the Leet Lumber Co. and Edward "Red" Clifford, who were cited to appear before the Board of Health to show cause why they should not vacate the houses erected by them on the dump at the head of Court street, near Tenth, appeared before the Board at its meeting yesterday afternoon and asked to be given an opportunity to test by court proceedings the order to vacate.

Attorney Small declared that the order "amounted to confiscation", and said that if it was enforced, he would seek to enjoin the Board from the action. The matter was turned over to the City Solicitor, Sherrard M. Johnson, and to Health Commissioner Dr. O. D. Tate and the Board granted them power to act in the case.

It was decided that, if the owners would fill in about the property with new earth, the matter might be dropped, providing the dumping of garbage there could be stopped.

The Board will view the property sometime in the near future.

Dr. C. T. Crowford, City Physician, reported 256 visits, 40 office calls, and 8 vaccinations.

A schedule of \$1,000.88 was allowed.

Dr. O. D. Tate, Health Commissioner, submitted the following report:

Greer Faces Serious Charge

John Greer, 21, accused of cutting Robert Lowther with intent to kill during a three-cornered fight at the latter's home Saturday night, pleaded not guilty when arraigned in Municipal court Monday and his preliminary hearing was set for April 11. The court fixed the defendant's bond at \$500.

The police spent most of Monday looking for Greer and are now after his companion.

It is claimed that Greer stabbed Lowther in the neck and back with a knife during the melee which is said to have resulted from a dispute involving a woman. Lowther also received a bullet wound in his leg and claims the shot was fired by James Hilgert, who escaped.

BIG COMEDY AT SUN SCORES HIT

"Parlor Bedroom and Bath" can be prescribed as a mighty good prescription for the sick at heart, blues or a bad grouch. The audience last night at the Sun rocked back in their seats and howled at the numerous funny situations and lines of the clever farce by Mark Swan. The Jack Ball Stock Company scored another hit with their patrons. "Parlor Bedroom and Bath" has never been seen in Portsmouth before and naturally so much had been heard of this laughing play, that a good-sized crowd turned out for the opening night to see something new.

The parts are all extremely well done and each member of the cast comes in for his or her share of the praise.

Clean, wholesome fun as found in this delightful comedy, is good for everyone and no doubt will be liberally patronized as the news spreads. "Parlor Bedroom and Bath" will be seen to-day, matinee and night, and to-morrow. "Cirilian Clothes," the Oliver Morosco success in which William Courtney starred, will be given the last half, starting Thursday matinee, another big New York play which has never been seen in Portsmouth. It is regretted by all that Portsmouth is to lose such high-class entertainment. The Ball Stock will close their engagement here next week, and promises of the management for the farewell week are very bright in the amusement line.

Appealing Film

Scores a Hit at
Eastland Theatre

There is a new photoplay at the Eastland Theater this week that will appeal to everyone. It is a film dramatization of Booth Tarkington's famous story, "The Flirt," with which thousands are familiar, as the book was one of the best sellers of its period. This picture is especially recommended for:

Girls like Cora who think that: It doesn't hurt to flirt if you don't flirt to hurt.

Fathers like John Madison, who are: Headed for the poorhouse with the family in high gear.

Mothers like Mrs. Madison, who would: Rather do the work herself than fight about it.

"The Flirt" was filmed at Universal City under the direction of Holbert Henley. It is offered by Carl Laemmle as the year's most appealing blend of laughter and tears, and lives up to its advance notices.

Cora tolerated her family. Her father was a shabby old fellow who preferred to be honest rather than rich, and her mother was a gentle old lady who would rather do the dishes herself than ask Cora to spoil her mother's.

Then, too, there was Laura, the sister; Jim, the older brother; Hedrick, the little pest of a kid brother; Sam, the brother-in-law who ceased being a plumber when Cora thought up the title, "Sanitary Engineer," and as many suitors as Cora could keep out of her sights on the veranda.

It boasts a real all-star cast, including Helen Percy as the Flirting Cora, Helen Jerome Eddy, as the older sister; George Nichols, as the father; Lydia Knott, as the mother; Huddie Messenger, the wonder boy of the screen, as the pesky kid brother, and Nell Craig, Tom Kennedy, Harold Goodwin, Lloyd Whitlock, Bert Roach, Edward Hearn, Jacobson Wolfert and William Welch in other roles.

MARCH BIG MONTH FOR FINES

The city's share of the fines and costs collected in Municipal court during the month of March amounted to \$3,304.15, according to figures compiled by Clerk Floyd Sherkwiler and made public Tuesday.

Of the total money collected, \$3,151.41 represented fines and costs in criminal cases, and the remainder, \$152.74 costs in civil actions.

INEXPENSIVE METHOD OF REDUCING DANGEROUS SWOLLEN VEINS AT HOME

Doctor's Recent Discovery Also Heals Ulcers, Boils, Carbuncles, Abscesses and Open Sores in a Few Days.

The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or bunions you can start this today and bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil at any dispensing pharmacy and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins

will begin to grow smaller and by regular use will soon reduce to normal.

Moore's Emerald Oil besides being one of the most powerful of antiseptics capable of destroying the most pernicious germs and the poisons caused by them is also a marvelous healing agent. One application for instance stops the itching of eczema, and a few applications causes the eruptions to dry up. In a few days should not hesitate to use it equally effective in halting rheumatism, redness and inflammation of the skin.

People who want to reduce varicose veins, wens or goitres, or get rid of eczema, ulcers, boils, abscesses or other skin troubles should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you.—Advertisement.

The Most Dependable Range Ever Built For Gas and Coal Combined. Uses Less Fuel Than Any Other Range. All White Porcelain \$95.00

This remarkable range takes up just 37 inches of floor space in the kitchen, and has cooking capacity enough to feed twenty people, but uses less gas and coal than any other range made.

Other ranges made for using coal and gas combined have special flues and extra dampers, which cause trouble. This new Equity Range has no special flues, no extra dampers. Any one can operate it. No instructions are needed. It is the simplest possible combination of two of the oldest and most successful principles of construction known to the stove industry, but we are the first to apply it and have applied for patents.

A \$175.00 Value for \$95

This range made of the most substantial materials and finished in all white porcelain.

Also made in semi-porcelain and Black finish. . . . \$75.00

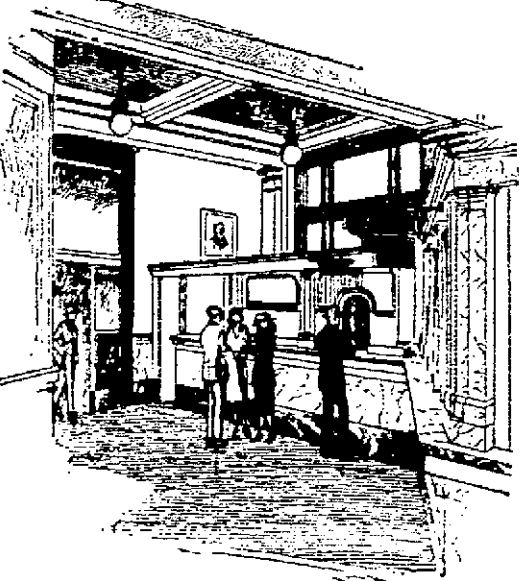

On account of the uncertainty of the gas supply this is the range to have. You are always ready for any emergency. The coal section is handy at any time for burning up rubbish, and the top oven makes a fine warming closet, using the excess heat from the lower oven.

Come to the factory and see this range and have every feature explained to you. Also on sale by Youngman Sales Co., 926 Gallia, or Burkhardt Plumbing Co., New Boston.

Other styles of Equity Gas Ranges on display from \$18.00 up. Factory Prices save you \$20 to \$80 on each range.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, N. H.

Dear Dolly—Is there not a city ordinance against allowing chickens to run loose within the city limits? If so, how would you proceed to enforce the law and at the same time live in peace with the neighbors who let the chickens run? We were aggravated to death with them all last summer and do not mean to stand for it again this summer.

THANK YOU.
There is a city ordinance against chickens running at large and scratching up yards. Just notify the owners of the chickens to keep them penned up and if they refuse to do this notify the police department and they will do the rest.

Dear Dolly—I am asking you for advice. I am a married man 24 years of age. I have one child less than a year old and I was good to my wife and true to her too, but we have separated twice. She tells her people that I am not good to her. I love my wife and child but she will not agree to live with me. I would rather not stay in the same town with

her people as they cause me so much trouble. I left my home town in West Virginia and came on here to get away from them but she would not come with me. I am lonesome for my wife and baby and so worried that I can't sleep at night. Now Dolly please answer soon and tell me what to do.

WORRIED HUSBAND.
If you can't prevail upon your wife to come here, I suppose you will have to return to your old home town and see if you can't make a hit with her people. If you try to be agreeable, and do what is right, they can't cause you very much trouble.

Dear Dolly—I am very much in love with a young man whom everybody classifies as a "rough-neck". I have been keeping company with him off and on for seven months, and while he was with me he acted like a perfect gentleman. But Dolly, he quit me without any excuse at all and started going with a police character. He got tired of her and then wanted to come back to me. I told him I did not want to have anything more to do with him, and he said that he would go away and never bother me, but that he could not forget me. Dolly, I like this man and I think he cares for me. Dolly, don't you think he will come back to me if he really cares anything about me?

The fact that he quit you for a questionable character should be enough to turn you against him, and the fact that he wanted to switch from her to you, shows that he hasn't much respect for you. I would consider it an insult for a man like that to ask me for a date. You don't have to marry a man simply because he admires you. If he wants to go away, let him go. He is not good enough for you and don't let him work on your sympathy, or marry him, even if it is your first and last chance. As long as there's life, there's hope, and if you don't get him, maybe some one else will appear on the scene.

Dear Dolly—We are three girls of fifteen years of age who are students at the Wheelersburg high school and of course, Dolly, we are freshmen. Is it all right to wear knickers but not to school? Now is it all right to have fellows? We are grey eyes, black eyes and brown eyes.

SCHOOL GIRLS.
It would be all right to wear your knickers on Saturdays on bikes, or on automobile trips, or when you are doing the chores around the house. You are not old enough to keep company with the boys.

Dear Dolly—Please tell me what will take shoe polish out of white goods.

Cantileva by Pollard, and as the bridal party left the church she played Mendelssohn's recessional.
The boys who served the mass were Gerald Glockner, David and Rufus Snyder.

Immediately after the church service the bridal party and the officiating minister were served with a charming breakfast at the home of the bride's parents, 521 Fourth street.

At twelve o'clock an elaborate dinner was served to the relatives of the bride and groom at the Elks' parlors. The table was attractively arranged for the occasion, pink roses, smilax and delicate shaded candles being used in the decorations. A large white wedding cake, beautifully decorated in pink scroll work, occupied the center of the bride's table, and places were marked for the following relatives:

Mr. and Mrs. Ralph J. Collins, Mr. and Mrs. Adolph Goodman and daughter, Anna C. Goodman, and son, George Goodman, parents, sister and brother of the bride; Miss Anna Goodman and Mr. George A. Goodman, aunt and uncle of the bride; Mrs. Elizabeth Anberg, Mrs. Gus Kuntz and James Penneyson of Toledo, John Bridenbaugh of Delaware, Ohio, relatives of the bride.

Mr. and Mrs. George Collins and daughter, Miss Mabel Collins and son, Bernard Collins, parents, sister and brother of the groom; Mrs. Mary Collins, grandmother of the groom; Mrs. Thomas Bennis, and children, Mary Jane and Collins Bennis, aunt and cousins of the groom; Miss Mary Collins, Dan Collins and son, Thomas A. Jones of Cincinnati, aunts and uncle of the groom; Mrs. Mary Fleming and son, Paul Fleming, aunt and cousin of the groom; Mr. and Mrs. Frank Collins and two children, uncle and aunt and cousins of the groom; Mrs. Emma Shepherd and daughter, Margaret, Mrs. Barbara Lauter and Mr. Edward Lauter, relatives of the groom. Mr. Raymond Brenner and Rev. T. A. Guebel.

The bride is the charming daughter of Mr. and Mrs. Adolph Goodman and until recently she was connected with the office force of the Regal Savings & Loan Company. She

Miss Anna C. Goodman, who served her sister as bridesmaid, and Mr. Bernard Collins, a brother of the groom, were next in line. Mr. Goodman wore a lovely costume of lavender organza button over lavender satin with a picture hat to harmonize. She carried an arm bouquet of pink roses and smilax.

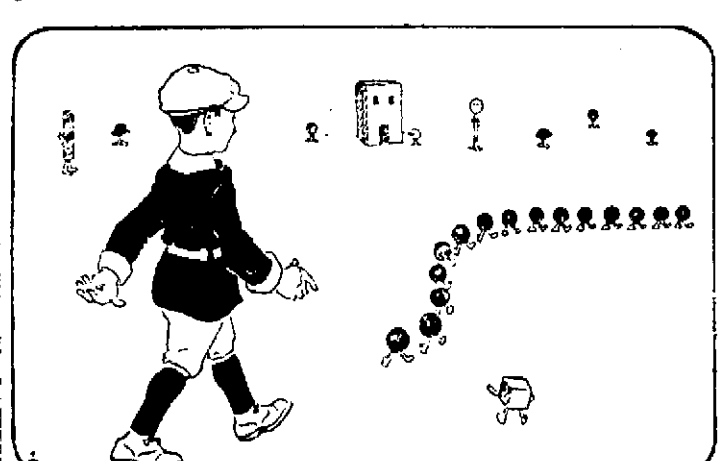

Little Mary Jane Bennis, a cousin of the groom, served as flower girl. This dainty little blonde made a charming picture in a fairy-like costume of white ruffled organza banded with narrow satin ribbon. She carried an attractive little basket filled with pink and white roses which she scattered in the pathway of the bride. A dainty wreath of the same flowers also encircled her pretty blonde curls.

The beautiful brunette bride was a picture of girlish loveliness as she advanced up the aisle on the arm of the groom. She was attired in a magnificent white satin gown, built on graceful lines, and beautifully decorated with pearls. Her bridal bouquet was an exquisite shower of bride's roses and valley lilies. She wore a delicate veil of tulle which was beautifully adjusted by a wreath of orange blossoms.

During the nuptial mass which ceremony, Mrs. Otto Vater sang beautifully a group of songs: "Consider the Lilies"; "The Token of Love"; by Arthur Wesseller; "Ave Marie," by Luzzi; and "O Salutaris," with organ accompaniment by Mrs. Korn. Mrs. Korn also played

is quite popular with a large circle of friends and was the recipient of many social courtesies previous to her marriage.

Mr. Collins is the son of Mr. and Mrs. George J. Collins of 1610 Eleventh street, and is at present located in Huntington, W. Va., where he holds a responsible position with the Chesapeake & Ohio Railway.

Mr. and Mrs. Collins left this afternoon for Cincinnati, where they will spend a few days before returning to Huntington, where they will be pleasantly located in their new home at 1231 Seventh avenue.

The bride's going-away costume was a dark blue spring suit with corresponding accessories.

The bride's gift to her maid was a silver coin purse, and to the flower girl and ring bearer she gave a ring. The groom gave his best man a pair of gold cuff links and to the ushers silver knives. Mr. Collins presented his bride with a handsome string of pearls.

The young couple received many handsome gifts, including silver, cut glass and substantial checks.

A wedding of much interest and a great surprise to a number of their friends was solemnized in Fronto Saturday when Miss Bertha Burke Bailey became the bride of Mr. Green Willis. The ceremony was performed at the parsonage of the Methodist church in that city with the pastor, Rev. Mr. Ames, officiating with the ring service.

Immediately after the ceremony Mr. Willis and his bride left for South Point, Ohio, where they visited relatives until Monday, when they returned to this city, where they will make their future home.

The bride is the daughter of Mr. and Mrs. Edward Baile of Lyra and has been the popular and efficient postmistress at that place for the past eight years.

Mr. Willis is the son of Mr. and Mrs. J. D. Willis of Wheelersburg, and is employed as a special officer with the Norfolk & Western Railway Company.

On Thursday evening at 7:30 o'clock the members of the Little Theatre Movement will meet in the Girls' Community Club rooms on the third floor of the Royal Savings & Loan building. Mrs. Walter Gobleman will be in charge of the meeting.

Rev. O. H. Gast and Morris Gast of this city were Easter dinner guests of Mr. and Mrs. William Simon of the West Side.

An Easter program was given at the Leesville M. E. church Sunday morning, as follows: Opening Song—Crowning Day, by the school.

Scripture Reading, Song—He Arose, by the school. Prayer.

Duo—Hark, I Hear Him Call My Name—By Misses Eva Spriggs and Gail Davis.

Study of the Easter Lesson, Song—In The Garden, by the school. Exercises—By Marjorie Flowers, Elizabeth Jackson, Mabel Kent, Winifred Boeg, Elizabeth Weaver, Louise Diamond, singing.

Duo—There's A Song In My Heart—Lona McNamee and Lona Sampson. Talk to Children—Rev. G. H. Weaver. Solo—Holy City—Lona McNamee. Distribution of Colored Eggs to each child present.

Little Miss Joan who was to have taken part in the Easter program was unable to do so on account of illness.

Mr. and Mrs. J. W. Mundhenk, who have been living near Dayton, O., moved their household goods by motor van Friday to Wheelersburg, in the S. K. Morrison residence in Wertz addition, which they recently purchased and will make their future home there.

A sumptuous dinner was served at the home of Mr. and Mrs. E. B. Cunningham of Seotoeville, recently in honor of Mr. Cunningham's fifty-third birthday anniversary. Covers were laid for the following: Mr. and Mrs. E. B. Cunningham and son, Everett, Mr. and Mrs. Seal Smith and sons, Gail and Durand, and Mr. Roy Platt, of Seotoeville, Mr. Carl Cunningham and sons, Willard and Harold, Mr. and Mrs. Charles Church and children, Averil and Howard, and Mr. and Mrs. Frank Schuman, of Portsmouth, Mrs. Thelma Beson and son, Jack, of Columbus, and Mr. Clarence Smith of New Boston. Mr. Cunningham received many nice presents and an enjoyable day was spent by all.

The King's Daughters and Sons of Trinity church will meet in the home of Mr. and Mrs. O. M. Shonaway, 1717 Timmonds avenue, Friday evening, April 6. The assisting hostesses will be Mrs. George Hill, Mrs. Otto Apel, Mrs. Emil Arthurs, Mrs. G. H. Erwin and Miss Bessie Mick. All members are urged to be present.

Garland Krambe, son of Capt. and Mrs. W. D. Krambe, 1862 Summit street, left Tuesday on the steamer Greenwood for Cincinnati, where he will spend the spring vacation with friends.

Avoid Harmful Grit
Pepsodent cures the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combant which contains harsh grit.

on modern research. Those two great film destroyers were embodied in it.

That tooth paste is called Pepsodent. Now it has come into world-wide use, largely by dental advice.

Other effects

Pepsodent also multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Those are vital tooth protectors. Soapy tooth pastes weaken them. That's one reason why they failed. Pepsodent multiplies their power.

Watch the change

The way to know is to make this test. Judge by what you see and feel. It will be a revelation.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Then you will realize how important this is to the people in your home. Cut out coupon now.

That millions have discovered
Whiter, cleaner, safer teeth

Look about you—note the prettier teeth you see. Note how people smile to show them.

Think what added beauty those pearly teeth have brought.

Millions now clean teeth in a new way. You will use it when you know. This is to offer a ten-day test so you may find it out.

It holds the acid in contact with the teeth to cause decay. That's why tooth troubles were almost universal.

Germes breed by millions in film. They, with tartar, are the chief cause of pyorrhea, now so alarmingly common.

Film coats left

Old brushing methods left much film intact. No ordinary tooth paste effectively combats it.

So dental science sought for film combatants, and eventually found two. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities proved these methods effective. Then a new-type tooth paste was created, based

That dingy film

Teeth are coated with a dingy film—that viscous coat you feel. It clings to teeth, enters crevices and stays.

Food stains, etc., discolor it, then it forms cloudy coats. Tartar is based on film. That's why teeth lose luster.

Film also holds food substance which ferments and forms acid.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

There were the queerest trees 'n' the shore, all covered with puffy shells and peach stones and rock cookies, and got into a saucer boat that had two silver spoons for oars.

Perhaps they would have been too large to get into the saucer boat, but their angle shoes under them just the right size.

Then they rowed over to the floating island and got out. Soon they were right under the tree, and what do you think? It was hanging full of that white candy beads with verses on them. A sign said, "Take one," so they did.

Nancy's heart said: "Flowers are red, violets are blue, Sugar is sweet and so are you."

Nick's heart said: "Dry is the land, wet is the sea, When you read this verse, just think of me."

JACK DAW'S ADVENTURES

Just a short distance from Chocolate Lake the cherries came upon a long white board. They all sat down to rest and dry. This was the waiting station. "And what will they do next?" asked Jack. "Why, they will go over to a big white box and jump in, and then be shipped away," replied Caramel.

JACK DAW'S ADVENTURES

And almost as Caramel stopped talking the cherries were on their way. The white box was soon reached and Jack watched them all hop in. Finally the cover was put on by two big peppermint sticks and then Jack noticed that a group of jelly beans had gathered nearby and were watching him. (Continued.)

Suicide Victim Was Suffering From Delusion Someone Was "After Him"

"Death by suicide" was the verdict of Coroner Virgil Fowler yesterday after investigating the death of James Crabtree, farmer of Pinkerman, near South Webster, who sent a rifle bullet into his brain Monday morning.

Information obtained by Coroner Virgil Fowler showed that Crabtree had been suffering from mental trouble for some time and that he lived in the fear that some one was after him to take his life. Crabtree always kept death dealing weapons near his bedside saying they were for protection. He had three guns, all single shots. One was an old shot gun kept leaning against the side of the bed, another was a rifle of small calibre kept under the bed and the third was the .32 calibre rifle kept by the side of the bed where he could always reach out and get hold of it. A hatchet and a big knife were also kept near the bed.

According to the wife's story they awakened about 5:15 Monday morning and when she asked her husband how he was feeling he replied that he had not been able to sleep. She said he got up in the early part of the night and looked out of the bedroom window as if he was expecting somebody to come up the hill to the house. The wife also says that her husband kissed her before she left his side to go and build a fire.

Their daughter Miss Hattie Crabtree who sleeps in the same room was awake but had not arisen. The wife had just started to build a fire in the grate when a shot rang out and both mother and daughter turned to see Mr. Crabtree's hand drop with the rifle.

Mr. Crabtree was still lying in bed and fully clothed for he had not disrobed the night before. According to members of the family this was the first time he went to bed fully clothed and they did not think much of it for he had not been acting naturally for several days.

Dr. A. G. Stevens of South Webster was called and he found the bullet had entered the right side of the head just above the temple. The stock of the gun had been held high for the bullet ranged downward and lodged in the center of the brain. There were powder burns on his left hand where he had held the barrel of the gun against his head.

Crabtree lived until about eight a. m. According to the wife's story to Coroner Fowler when she heard the report of the gun she first thought that her husband had kicked over one of his guns by the side of the bed while settling out of bed.

James Crabtree was a farmer, 65 years of age and had lived on the same place in the Pinkerman community where he was widely known. Besides his widow Mrs. Pernelia Crabtree he leaves two daughters, Mrs. Effie Haynes of South Webster, and Miss Hattie Crabtree at home and five sons Emanuel Crabtree of Milford, O., Levi Frank and John Crabtree of the South Webster community and Ben Crabtree of Marion.

Funeral services are to be held from the South Webster Baptist church at one o'clock Wednesday afternoon with burial in South Webster cemetery.

Strike

(Continued From Page One)

ment the power to intervene a railway strike and keep the trains going and the nation supplied with necessities of life.

The entire injunction suit is based on the famous Sherman anti-trust law of 1890 which makes it a crime for any two persons to engage in a conspiracy to restrain interstate commerce. That language was broad enough to attack trusts and monopolies and capital and the department of justice under Mr. Daugherty has built upon the historic Debs case of 1904 a legal structure which he hopes will prevent any transportation monopoly on the part of labor from tying up and paralyzing interstate commerce.

There have been hints that the railway shippers would be willing to call off the strike formally and let byones be byones, but the department of justice has already committed itself so deeply in this case, especially in the record submitted by interference with transportation that any backward step would be impossible. Many equity suits no doubt will grow out of the various acts occurring during the strike when trains were wrecked and passengers stalled in the desert and various kinds of perishable freight ruined and nonperishables damaged. The issue, therefore, has to be fought out from the government viewpoint so that redress can follow the fixing of responsibility.

Should the district court in Chicago issue a decree making the injunction permanent, the railway shippers would have the right of direct appeal to the supreme court of the United States, but if labor is not anxious to make too much of a precedent out of the suit, the matter may be dropped in the lower court and an effort made in some other case in the future to appeal the broad questions involved to the highest court in the land, possibly in a case in which the record is more favorable to labor's side than it is today.

Many of the leaders of the railway shippers have openly declared that the temporary injunction obtained by the federal government broke the backbone of the strike and some have gone so far as to predict that there will never be in the present generation, at least, another transportation strike of nation wide character. There is no telling how much of an effect the injunction has had upon other unions which did not participate in the recent strike but the supremacy of the federal government over labor organizations, or, for that matter, employers' combinations, has in the judgment of government officials at least been firmly implanted.

Injunction May Have Far-Reaching Effect

The injunction may have far-reaching effect upon any concerted action that railway executives might conceivably take which could bring about a stoppage of transportation. This phase of the controversy is not being stressed but government officials will not permit the impression to be broadcast that they have assumed an attitude of partisanship against labor. In fact the department of justice waged a successful fight against the Pennsylvania Railroad carrying to the supreme court of the United States the case of the shippers who claimed that the Pennsylvania Railroad did not actually deal with the truly elected spokesmen of the employees when they made certain agreements concerning working conditions with their men. The United States Railroad Labor Board took the position that neither the election conducted by the American Federation of Labor nor the one carried by the Pennsylvania was valid and attempted to lay down rules for a new election when the Pennsylvania carried the fight to the courts, a circumstance that is charged by many labor leaders as having been the first really flagrant disregard of the United States Labor Board's position and caused them later to ignore the board when it was to their interest. The supreme court has upheld the labor board and this decision together with the outcome of the pending suit to make the preliminary injunction permanent will have much to do with the problem of altering the transportation act in the next congress, if indeed it is amended at all now that labor and capital have been brought to book in two important cases.

WOMAN SO ILL COULD NOT WORK

Gained Strength, Weight, and Now Doing Own Work by Taking Lydia E. Pinkham's Vegetable Compound

Marion, Ind.—"I was all run-down, nervous and bent over. I could hardly drag around, let alone do my work. I read some letters in the papers telling what Lydia E. Pinkham's Vegetable Compound had done for others and I thought I would try it. Then a man told my husband about his wife and what good it had done her and wanted him to have me try it. I took one bottle and could see what it did for me in a week's time, and when I had taken three bottles I had gained both in strength and weight and was doing my own work. I took it before my last baby was born and it helped me so much. I am sure glad to recommend the Vegetable Compound to any woman who suffers from female ailments. For I know by experience what it can do. I have used Lydia E. Pinkham's Sensitive Wash, also the Liver Pills too, and think them fine."—Mrs. Wm. Eldridge, 820 E. Grant Street, Marion, Indiana.

A record of nearly fifty years service should convince you of the merit of Lydia E. Pinkham's Compound.

CHICAGO, April 3.—(By the Associated Press)—Chicago voters today are balloting for a mayor, twenty aldermen and a representative in congress from the second Illinois district to fill the unexpired term of the late James R. Mann.

Lacking until the last minute the usual protechniques of a heated campaign for office the race for mayor last night was culminated by injection of the religious issue, the Democrats charging that the Ku Klux Klan had formed in the phalanx of the Republican nominee, Arthur C. Leander, former postmaster and the Republicans in turn decrying the membership in the Roman Catholic Church of Judge William E. Devor, of the superior court, the Democratic standard bearer.

William Hale Thompson, the retiring mayor, who recently announced his withdrawal from politics when he declined to stand for a third term, has remained in the background throughout the campaign, taking no public part in the Republican effort.

Rain was forecast for today and should the weather be bad the vote was not expected to go over 675,000.

Homer K. Galpin, Republican chairman, claimed leaders would be elected by between 40,000 and 75,000 votes, while Martin J. O'Brien, spokesman for Judge Devor's followers, asserted it would be a Democratic victory by a plurality of 125,000 to 175,000.

In the congressional contest the major party candidates are Morton L. Hull, former state senator, Re-

publican, and Barratt O'Hara, former lieutenant governor, Democrat.

Is a Bad Back Wearing You Out?

Do you rise in the morning lame and stiff? Drag through the day with your back a dull, unceasing ache? Evening find you "all played out"? Likely then, your kidneys have weakened. That's why you have those headaches, dizzy spells and bladder irregularities—why you feel so tired, irritable and depressed. Don't delay! Use Doan's Kidney Pills. Thousands recommend Doan's. Ask your neighbor!

HERE A PORTSMOUTH CASE:
Mrs. D. Hoobing, 20 2nd St., says: "I had trouble with my kidneys which began with throbbing pain in my back. After a day's work my back was tired and pained terribly. It was hard to straighten after sleeping and my kidneys did not act right. I was dizzy and had severe headaches. Doan's Kidney Pills completely cured me."

Louis Heid Accidentally Shot By Companion; Gun User Exonerated

"Put up your hands or I'll shoot the second time it was a different story. There was just one cartridge in the chamber of the gun and when it exploded the bullet passed through the lower portion of Heid's chin and lodged in his neck.

When it was seen that the boy had been seriously wounded an ambulance was called and Heid was rushed to Hempstead hospital, where Drs. L. D. Allard and J. W. Obrist attended the victim. They found that the bullet had not severed the jugular vein and had lodged in the neck without touching the neck bone. It was ex-

tracted without any great difficulty and was turned over to Patrolman Kenard.

Immediately after Heid regained consciousness at the hospital he exonerated Carver from all blame. "The gun had been around our home for sometime and George did not know there was a cartridge in the chamber as it had been empty for weeks. He did not intend to shoot me as we are not just the same as brothers," Heid told Patrolman Kenard. Carver, who is a son of Theo. Carver of Garrison, Ky., has made his home with the Heid family since

coming to Portsmouth several years ago.

"Louis and I are just like brothers and I tried to scare him with the gun this morning. I would not have shot him for the world," Carver told a Times man this morning at the city jail. He was locked up there while the police investigated all angles of the shooting.

Carver said he worked in the Whitaker-Glessner plant and did not report for duty today because he fell ill. He suffered an attack of nose bleeding while in the city jail this morning.

Herbert Doring has returned to Huntington after a visit to relatives here.

pleas court here late today against Josiah Kirby, founder and former president, by receivers Gardner Abbott and W. L. David of the Cleveland Discount Company in the first legal action to test the settlement which Kirby claims to have made with the company when he retired from its presidency February 12.

Contracts entered between Kirby and the company at the time of its organization, naming him the sole sales agent, developed the basis for the suit, the petition indicates. By this agreement Kirby was empowered to give one share of common stock to every purchaser of two shares of preferred stock at \$100 a share. In payment Kirby was given the right to buy one share of stock for himself at \$1. Confusion of accounts is said to have set in.

Says Big Sum Is Due.
 The petition claims that \$1,013,135.03 is due the company from Kirby, but acknowledges a balance due Kirby of \$416,110.22.

At the time the suit was filed Mr. Kirby was enroute to Dayton where he went to address a meeting of discount company stockholders tonight. Before leaving here he denied verbally claims made by the receivers, declaring he could not be held responsible for what he characterized "Shareholders' Steel Debit."

Shares Now Depreciated.
 In reply the receivers gave out a statement in which they claim that "the differences between the receivers and Mr. Kirby have been occasioned by the receivers being unwilling to let him pay this claim (\$1,497,024.51) with shares of stock and notes of a company, the latter being now practically worthless."

"It is apparent that if Mr. Kirby would make settlement of this account in cash or satisfactory securities, it would go far toward helping the affairs of the company."

Big Fire In Columbus
 COLUMBUS, Ohio, April 3.—Two High Street stores, the R. F. Blatt Music Store, and the Feldman and Curme Shoe Store, were practically wiped out by fire of unknown origin last night. The loss is estimated at more than \$100,000. Some stock of the F. and R. Lazarus Company in an adjoining building was damaged by smoke.

Indians Idle
 CLEVELAND, O., April 3.—For the first time this season, the Cleveland Indians were forced to remain idle because of rain. A game scheduled yesterday between the Indians and Lehigh of the Florida State League was postponed.

The Indians are in St. Petersburg to meet the Boston Braves in the last game scheduled with National league clubs.

 THIS VAST ASSORTMENT • Sizes 16 to 52

No. 519—The combination of solid color Pickwick flume with matching checked gingham produces an unusually attractive slip-over dress. The fancy pockets, wide sash and bias trimming of the same materials, complete this charming and useful dress at \$3.95.

No. 541—The hand embroidered stitching on the collar, cuffs and side panels, which are of white poplin makes this model attractive to the critical woman. The dress is of medium check fast color gingham. Wide sash. The colors are lavender, blue and green. \$6.95.

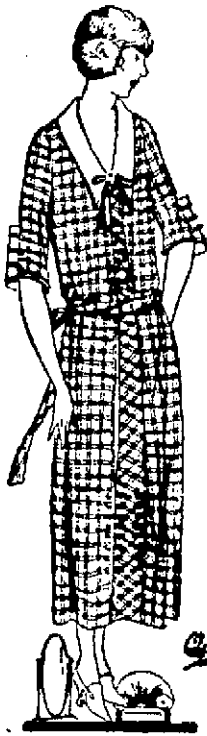

No. 526—A dress for the critical woman: made of fine quality fast color small check gingham. There is an attractive trimming of heading around the skirt on the waist and sleeves. The colors are green, lavender, navy and copen. \$7.95.

No. 502—Drawn organly is used in elaborately trimming this attractive model which is made of sun and tub proof gingham in a large check. The organly straps and collar and cuffs are finished with bias bands of the same material. May be had in lavender, green, brown and blue. \$6.95.

No. 545—An especially attractive dress of solid color Quenex Linene, trimmed with several rows of cording on front of waist, pockets and sleeves. The charming white collar is of fancy repp, the tie is satin. The colors are green, brown, lavender and blue, \$2.95, \$3.50.

No. 517—Large check gingham is used in this charming model. A bias panel runs down the front. The trimming is simple and stylish—pearl buttons and loops of matching chambray. The collar is of white poplin. May be had in black, lavender, brown or green at \$4.95, \$5.50.

No. 517—This practical dress is made of small check gingham. The collar, cuffs and laps on the pockets are white trimmed with bias bands of the same material as the dress. It comes in lavender, brown, blue and black. \$2.95, \$3.50.

No. 546—Bands of matching chambray on the front and sleeves trim this charming dress made of medium check gingham, the collar is white trimmed with braid; it is made in blue, black, lavender, and brown. \$3.95, \$4.50.

No. 519—Collar of organly, insets of matching chambray, pleated ruffles on front, collar and sleeves, edged with matching color form the distinctive trimming for this charming model made of conventional check gingham; material tub and sun proof, may be had in black, green and blue, at \$4.95.

No. 520—An unusually stylish effect is produced by the use of white poplin for the collar, cuffs, inset in waist and panels on the side set off by fagotting. The gingham is fast color. The colors are blue, red, green, black and brown. \$3.95, \$4.75.

Visited Relatives

C. W. Bierley and sister, Miss Anna Bierley, of Hutchins street, are home from a visit to relatives in Chris. Ky.

Edward Norris, employed by the Portsmouth By-Products Coke Company east of New Boston, was seriously burned by ammonia and came near being overcome by the fumes Monday while at work in the plant.

He was working about a large ammonia tank which he thought had been drained, and when he turned on a drain cock about forty gallons of the fluid ran out and part of it reached his body. The ammonia penetrated his clothing and badly blistered him about the head, face, back, shoulders and arms and one leg. His eyes were slightly injured.

Norris was removed to Schirman Hospital for treatment and was able to leave there Monday evening to go to his home east of Sciotoville.

Thief Ransacks Four Hilltop Homes

One person it is believed is responsible for four robberies on the Hilltop Sunday morning. In each instance the lower floor of the house was ransacked while the owners slept upstairs.

C. R. Boyle, 1614 High street, and C. W. Wallace, 1706 High street, are the latest to report a thief having visited their home Sunday morning.

The other two homes visited were W. T. Malone, 1920 Grant, and Henry W. Davis, 1412 Franklin avenue.

At each place the intruder ransacked drawers and clothing in searching for money and the loot included a pair of men's shoes and children's Easter eggs.

At the Boyle home the lock on a front window was broken and entrance was gained by raising the window. Several bills and small change amounting to about \$4 was taken from Mrs. Boyle's pocketbook left on the buffet. Mr. Boyle's overcoat was searched as was also the ice box, several Easter eggs being taken. The thief was held for he turned on the dining room light and left the window shades up. He left by opening the dining room door. The family did not notice until about one a. m. and at 5:30 a. m. a neighbor who was leaving home noticed the front window raised. The family did not discover the robbery until Sunday morning about eight o'clock. Good sized foot-prints were found in the front yard.

At the Wallace home the front door was left open by a member of the household who came home late. When the family came downstairs Sunday morning, \$8 was found missing from a pocketbook left on a sideboard. A girl's wrist watch on the sideboard was overlooked by the thief, who also removed 27 cents from a girl's sweater coat pocket and a nickel from Mrs. Wallace's coat pocket. Mr. Wallace's new Easter shoes were also stolen.

At the home of W. T. Malone, N. & W. signal repairman, the thief made away with Mr. Malone's \$75 gold watch but overlooked \$50 kept in a buffet drawer. Mrs. Malone was awakened about 3:30 Sunday morning by a noise downstairs but did not investigate until about seven o'clock, when she learned the downstairs had been ransacked. Mrs. Malone's coat was found on the front porch. Entrance was gained through a pantry window left unlocked. The thief unlocked every door downstairs so he could make a get away if caught in the house. Muddy foot-prints were found on the side of the house where the thief climbed to the pantry window.

At the Davis home entrance was gained with a duplicate key. The downstairs rooms were ransacked but the only things missing were keys and some lunch which had been prepared for Mr. Davis, who is an N. & W. engineer and who expected to take the lunch with him.

The uninvited visitor had nerve enough to heat coffee for his lunch.

CAR DERAILED; TRAFFIC DELAYED

Traffic on the Cincinnati division of the N. and W. was delayed several hours Monday night when freight train No. 87 derailed one car near Jarden. It is thought a broken drawbar caused the wreck. Trains Nos. 24 and 26 due here last night at 9:20 and 11:25 were delayed several hours by the derailment. The train was in charge of Conductor Henry and Engineers Foley and Ridenour.

MAKING WHIRLWIND FINISH EARLY HOWELL EARNS HAIR LINE SHADE OVER NIG BLAIR

Both Boys Put Up Great Fight; Dando Real Star; Lucky Wins From Nub Burt

THE RESULTS
Early Howell of Dayton, won referee's decision over Nig Blair in ten rounds.
Shifty Dando won decision over Mickey Flynn of Dayton, in eight rounds.
Kid Lucky of Dayton, won decision over Nub Burt in six rounds.
Scheduled six round bout between Kid Suter of New Boston and Jack Wolff of Chillicothe was stopped in fourth, both boys stalling.

A man with more ring ability and one who knew how to use all his powers was the kind of a fighter "Nig" Blair met in Early Howell of Dayton last night in the American Legion's boxing show in the Winter Garden when Howell won the decision over the local Panther in ten rounds of real fighting.

The points were in favor of Howell when the final gong tapped and there was nothing to do but to give the decision to the Dayton product who proved a real artist at the fight game. While Blair went down to defeat the local fight fans celebrated the great victory of Shifty Dando over his opponent Mickey Flynn of Dayton. Dando's work in the first eight rounds he was inside the ropes last night stamped him as a real scrapper and he was judged from the reception accorded him want to see more of him. He showed that the name Shifty was correctly applied for he shifted like lightning and forced his opponent to mix it up any time he feels like it. There was no question to his victory over Flynn and the Dayton lad was might fortunate in hearing the final bell. Flynn took an awful lot of punishment by sticking it out with Dando who recently came to Portsmouth from the eastern part of the state.

"Nub" Burt lost the decision in his six round go with Kid Lucky of Dayton. Burt tried hard but the best he could do did not match up with the skill and punch displayed by the visitor.

The first scheduled bout of six rounds only lasted about four rounds

Howell's head in close-in fighting and before Howell could back away.

The fourth round found both lads jumping quickly about the ring with Blair chasing Howell in an effort to get him in a corner. Every time Blair would rush in Howell would go for nought. "Nig" then sent Howell against the ropes and landed several hard blows which seemed to rock the visiting lad, but Blair backed away and failed to follow up his chance to probably land a knockout blow. Blair passed by a number of opportunities to follow-up for after landing hard on Howell's face he would back away and give the Dayton product a chance to get back on the defense which he lost no time in doing when the opportunity afforded.

Blair on Toes
At the start of the fifth, Blair kept right after Howell and was landing two blows to Howell's one, when Early stiffened and started swinging to Blair, the result being blows to Blair's face that closed his right eye, and came near putting the other eye out of commission. Howell came back strong and had Blair against the hemp when the bell tapped.

In the sixth Blair started the mixing by sending one to Howell's face but in the free exchange of blows both landed some mighty hard punches with Howell trying to get to Blair's stomach while Blair tried to land on Howell's face. Blair landed one uppercut that caused Howell to back up for a moment or two and he stayed away from Blair for the remainder of the round.

Early in the seventh Blair, who kept rushing Howell in an attempt to get him to open up, had Howell on the ropes and backing away from him all the time. Blair had several more chances to send home sleeping punches when Howell hung to the ropes. Howell came back strong at the close of the round.

Howell seemed fresher than "Nig" in the eighth and landed a number of straight jabs to Blair's face. When Blair came back Howell would go into a clinch refusing to give Blair a chance to land any telling punches.

In the ninth frame both boys took it easy and danced about the ring, neither showing a willingness to land. Both were saving all their power for the final round.

The Final Round.
In the tenth Howell looked like he was just starting in on the first round while Blair was tired. Howell watched every chance to send in a straight jab to "Nig's" mug and he landed several of these punches that did not carry enough power to produce a knock. Blair also watched for a chance to get to Howell's face but Howell was taking no chances and except when he closed in to land solid punches he kept away from the local fighter. In the last few seconds Howell started after Blair like he

was going to finish him. Howell sent Blair down through the ropes near his own corner and Blair was just getting to his feet in a groggy condition when the bout ended.

The showing made by Dando won him a place in the hearts of local fans at once. He shifted about the ring and showed he knew the fight game from A to Z. Flynn did not have a chance although he was taller and had a longer reach. Dando had to jump off his feet to get to his opponent's face and he did that often which meant he had power behind his punches. In all probability Dando will be found in the main go in the next card.
